

DECOR PARTENER

THE FUTURE IS IN DECORATIONS

«DECOR PARTENER» is a company with 10 years of experience in decorating bottles. Modern European technologies and equipment are used in production, ecological raw materials of European origin. Already for 10 years we have been successfully supplying the EU and foreign markets and we hear only good reviews.

«DECOR PARTENER» uses the following technologies in decorating bottles:

- Full design development
- Coating full and gradient
- Matt varnishing
- Metallization
- Screen printing
- Digital printing
- Hot stamping

The company has extensive experience and a well-deserved authority in bottle decoration - our products are exported to more than 15 countries.

Selective matt varnishing. Screen printing and Digital printing: 5 colors.

BOTTLE FOR VODKA TM "POLAR BEAR" / MEXCOR.

Bottle "Aluni-Cork", capacity 750/1000/1750ml. for vodka and other strong drinks is made of high-quality glass. Strict cylindrical shapes, combined with straight vertical lines, form strict arches that emphasize the monumentality of the form. The bottles are sealed with natural cork, decorated with screen and raster printing in combination with a matte surface.

A close-up photograph of a fountain pen and its matching cap. The pen is positioned vertically, showing its sleek black body and gold-colored trim, including a clip and a textured grip. The cap is resting next to it, featuring a similar design with gold-colored bands and a clip. The lighting highlights the metallic textures and the smooth finish of the pens.
